Next Monthly Meeting

Saturday, October 4, 2025, 12 noon

LHMAC Mammoth Park Field

Klaka Road, Mt Pleasant, PA 15666

September 7, 2025

Monthly Club Meeting @ Mammoth Field

Secretary Jim Zangerski

Minutes for September 7 Meeting @ Mammoth park Airfield.

New members voted in: Dan Berti, Darrell Shick, Matt Shearer

Officers Report

Secretary, Jim Z called for motion to approve minutes from last months meeting as posted in the last newsletter. Big Steve motion to approve, second by Dana R, motion carried.

Treasurer's Report. Expenses, President's expenses, secretaries expenses, Westmoreland County Food bank in memory of Mark Yothers as requested by Pam Yothers, Donuts, and Webmaster expenses. Income: Fuel Sales, Dues, Float fly donations, raffle proceeds, Cub day donations Jim Z motion to approve, second by Dana R.... motion carried.

Newsletter Newsletter is doing well. Thank you Dana Rukse for the great photo's.

Also, make sure you are aware of our new communication app called **TeamReach** it is available on IOS and Android phones and it is free. **Group code is Ihmac557** It's an ongoing chat that let's people know who is at the field, who is going to the field, and event reminders. Any questions see Jim Z or Jim A

Vice President Picnic went well. Thanks to Jeremiah!

Webmaster Looking into email contact list. Vishal will work on it.

Field control The field looks great. Thanks to the cleanup crew on August 30th. We will be putting together a plan to repair a few structures. Thank You!

Presidents report

Runway Drainage working on drainage ditch for the Fall of this year after we take care of the structure repair..

Missing sign New pole has been installed, we need for electrical lines to be connected before we can put a sign on it.

Cub Scout Visit August 7 went well with perfect weather and no injuries.

Golden Age Event was a great event

Fuel Sales fuel is available. \$25 per gallon. Contact Bill @ 724-493-5105 to purchase

Show and tell nothing this week

Meeting Adjourned

Message from President Jim Andrews

We had our Fall Picnic on Sept. 7th after pushing it back from the 6th because of rain. Sorry for the inconvenience but thanks for all the help setting up for it. Special thanks to Jeremiah for arranging and taking care of the food.

We also had our last Night Fly and Float fly of the season.

But it's not over yet. The fall season is a great time to fly.

Use our Team Reach app to post if you are going to the field. If you are not aware of this app contact Jim Zamerski and he will set you up.

Mon Valley RC Club will have a Fun Fly on Saturday, Sept. 20 at Cedar Creek. Always a good time and a chance to see turbine jets. The BAMS Club will also have a Fun Fly on Saturday, Sept. 27 near Butler, PA. More info on both these events is available on our Live Calendar..

Message from News Editor Jim Zangerski

Keep texting or emailing pictures

(*any size or format*) to me and any other RC related **events**, Notices, or interesting websites. They will be put on our Live Calendar, Facebook, or newsletter.

We all have too much stuff! So if you have anything you haven't used or flown in a while, send me a description, some pictures, a price, and a good contact phone number. We have many new members looking to fill their "hangars".

Our newsletter goes out to over 300 RC enthusiasts, so you will be hitting a targeted market!

Also, Members as well as non-members are welcome to sell in our newsletter.

FOR SALE

3D Lab Prints A6M2 Zero \$90

Hi Everyone. I have been 3d printing planes for a little while. I finally have the settings dialed to where I feel comfortable offering some completed prints to those who do not have a 3d printer. This listing is for the Zero from 3d labprint. It is printed in Polymaker LW-PLA (Light Weight PLA). This PLA is not quite as light as Esun or Colorfabb but the strength is far better and the looks are much better. Overall a much better finished product. 1m Wingspan

You provide the power system and your radio gear, pushrods, and hardware.

If you aren't familiar, 3d printed planes aren't perfect. They do need light sanding from time to time. The hard part has been done though. All you need to do is glue it together. I feel the assembly is easier than any of the Chinese ARFs of years past. I do 90% of the post processing so that you have as easy a time as possible.

I will include all of the printed parts for one Zero airplane and a printed manual. Please let me know if you have any questions. I am always happy to answer.

Please understand to fully print a plane takes 3 days roughly and this is a way to supplement the hobby for me, not my full time job. I get joy in making things as we all do being a part of this hobby.

Contact **Sam Borrelli**

Message from President Jim Andrews

Thank you for coming to LHMACH field! New members may not be aware of the FAA requirements of the past several years. **These are the requirements** to fly at Mammoth Park Airfield:

AMA membership, go to modelaircraft.org

← Or Click or scan

Club membership, go to lhmac.org

← Or Click or scan

FAA registration, go to faadronezone.faa.gov there are 2 classes of registration, one for **recreational users(us)**, and one for commercial users. **For us**, recreational users, you will get one registration number that will be good for all your aircraft.

← Or Click or scan

TRUST (The Recreational UAS Safety Test) go to modelaircraft.org/trust to take the test.

Remember, model planes and helicopters are considered drones by the FAA. After you complete the 4 steps, **make labels for each of your aircraft** that has the following things on it,

1. Contact info (Name and Phone #)
2. AMA number
3. FAA registration number

Attach this label to each of your aircraft. **FAA# Must be on the outside of your aircraft**

All other info can go anywhere on the aircraft.

While flying, you need to have 4 pieces of information in your possession:

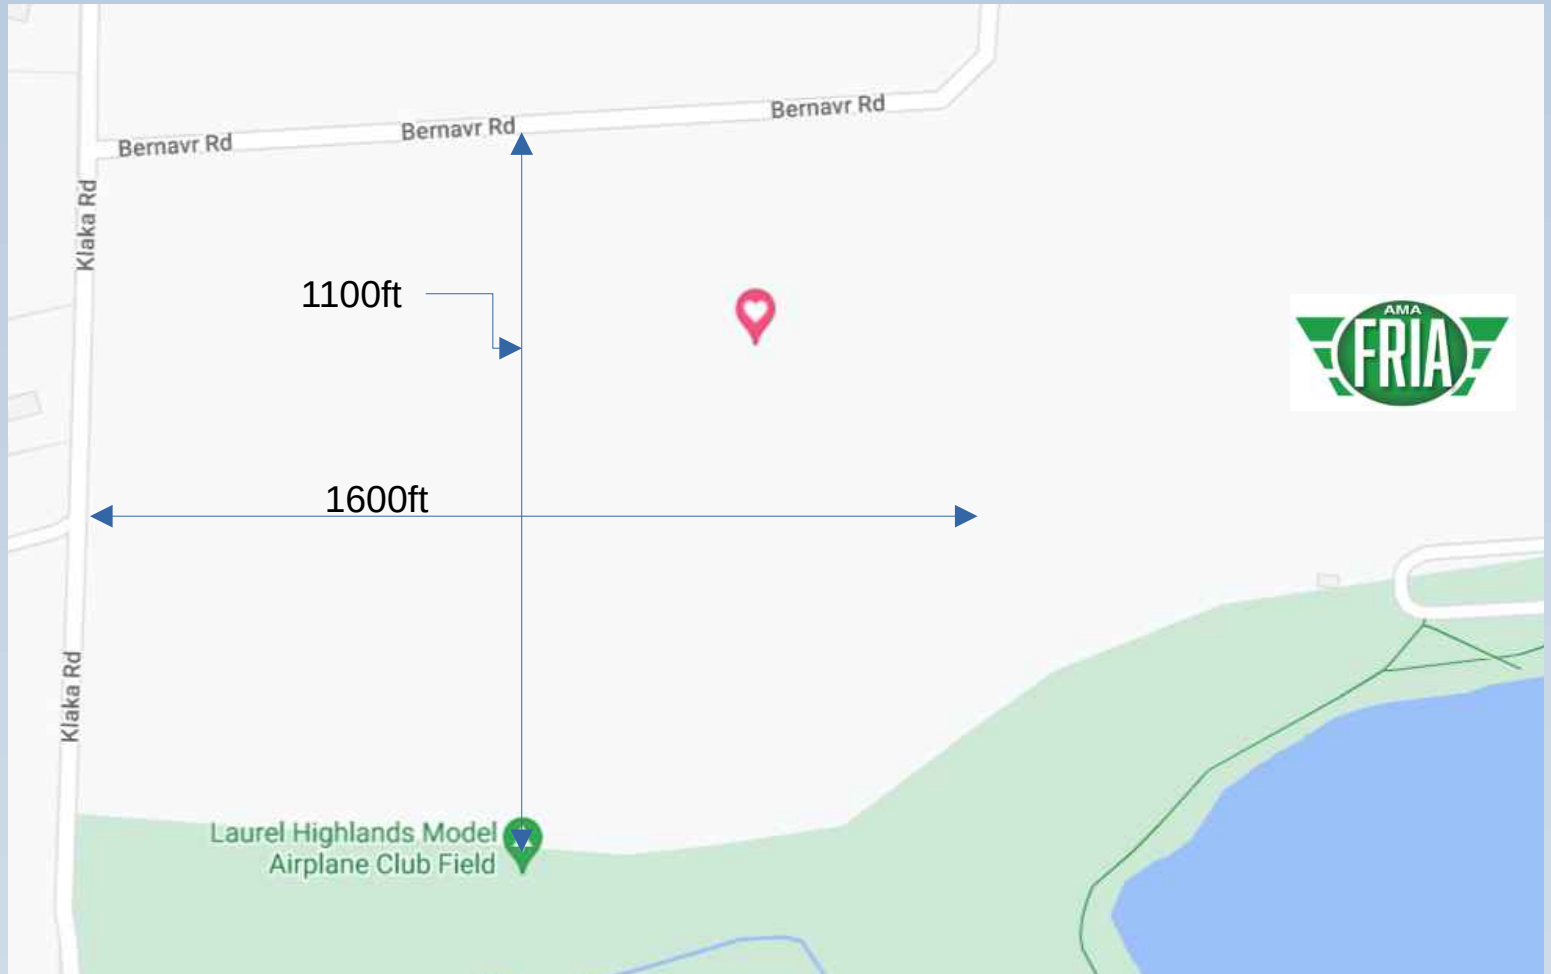

1. Your AMA membership card
2. Your LHMACH membership card
3. Your FAA registration card (Small UAS Certificate of Registration)
4. Your TRUST Completion Certificate

At first it seems complicated but really isn't. The TRUST certificate is a lifetime certificate. The FAA registration is good for 3 years for \$5 and can be renewed keeping the same number. LHMACH is a yearly membership and AMA can be yearly, 2 years, or lifetime membership.

See you at the field!

Jim Andrews

LHMAC Mammoth Park Model Airfield Boundaries

GAS/GLOW FLIGHT QUALIFICATION AND ELECTRIC FLIGHT QUALIFICATION

Qualification sessions must ensure that the flyer shows knowledge of and practices the field rules and can safely and competently execute the following:

- I. Set-up and check aircraft, engine and radio correctly prior to flight.**
- II. Make take-offs to the left and right smoothly and under control (two each).**
- III. Make left and right hand rectangular patterns with proper turns at a safe altitude (two each).**
- IV. Make horizontal figure 8 patterns parallel with the flight line with proper turns at a safe altitude. (two each)**
- V. Make landing approach and landings from the left and right smoothly and under control (two each).**
- VI. Make simulated or real dead-stick landings on the flying site safely and under control (one each).**
- VII. Keep within the designated field boundaries at all times.**
- VIII. Any fail on a section of testing will require a re-test of that section.**
- IX. Qualification is only valid if completed in the presence of a qualified club member and a class qualified (gas class or electric class) designated instructor or club officer.**
- X. Pilots with a gas/glow qualification may fly any aircraft that is AMA legal.**
- XI. Pilots with an electric qualification are not permitted to fly gas/glow aircraft without the use of an instructor .**
