Monthly Club Meeting @ Mammoth Field

Secretary Jim Zangerski

Minutes for November 8 at St Paul Lutheran Church

New members voted in: Mike Snyder, Andy Wisniewski, Ryan Ricupero

Motion to approve, Bill K, second by Zack G, new members approved

Visitor: Paul Mikoski

Officers Report

Secretary, Jim Z called for motion to approve minutes from last months meeting as posted in the last newsletter,.Ted D motion to approve, second by Bill K, motion carried.

Treasurer's Report.

Expenses, USPS Stamps

Income:Raffle proceeds, Dues

Elliot G motion to approve, second by Ted D motion carried.

Newsletter Newsletter is doing well. If you hear of an event coming up, please make Jim Z aware. Also....stuff is selling in the newsletter. Take a picture, give details, and a price of wht you have for sale and it will be posted in the next newsletter.

Vice President Please bring any trophies received last year. Raffle prize was F9F Panther donated by Bill C.

Field control Not much going on.

Presidents report

Westmoreland Parks awarded our club with the "Lewis Service Award" for our volunteer service to the park. It was given to us at a luncheon at twin lakes. Pres Jim came up with a thought to use it as a service award to anyone in our club going above and beyond. Jim presented it to Secretary Jim for going above and beyond in welcoming new members into our club. He will will pass it along to the next member that steps up to promote our club.

A plane donated by a member was sold at the Delmont/MARCS auction and the funds were donated to Shriners hospital. Tim B motioned to bring up the selling price to an even number. Bill K second, motion approved

Next meeting will be at St. Paul Church, 108 Dutch Hill Road, on Saturday December 6, 12 noon.

Nomination of officers all officers agreed to run for another term.

Porta john If anyone sees it missing, please contact one of the officers. (It's been picked up at the end of the year before.

Dome Fly's at Neville Island are starting up. See flyer in this newsletter or our live Calendar

2026 Club Membership Now is a good time to renew club membership for 2026. Also AMA. Rene will be checking AMA memberships to ensure that they are up to date.

New Members are good through 2026

Old Business none **New Business** None

Fuel Sales fuel is available. \$25 per gallon. Contact Bill @ 724-493-5105 to purchase

Show and tell Visitor, Warren Parks, heard about our meeting and brought 3 planes to show and sell. None were purchased but will be in the "for sale section" of the newsletter

Meeting Adjourned

Message from President Jim Andrews

This is the time of the year when we think about putting our planes away for the winter. But consider keeping a couple in a ready to fly state. We still get the occasional good flying weather day so keep a plane handy that can be quickly thrown in the car with a couple batteries for an afternoon of fun. If you have a plane on floats keep it ready to go for those days when snow is on the field. Or consider putting skis on a plane. You may not get a lot of days to fly it but I guarantee they will be memorable.

Around the holidays, if you have company around consider taking the kids, or grownups, to the field. Much better than having them looking at screens all day. Make some memories. It might become a Tradition.

Those members that have a trophy from one of our events please bring it to the next meeting on December 6th at the church so Jeremiah can have it engraved with the next recipients name so it will be ready for the January meeting.

See you soon.
Jim Andrews

Message from News Editor Jim Zangerski

Keep texting or emailing pictures

(*any size or format*) to me and any other RC related **events**, Notices, or interesting websites. They will be put on our Live Calendar, Facebook, or newsletter.

We all have too much stuff! So if you have anything you haven't used or flown in a while, send me a description, some pictures, a price, and a good contact phone number. We have many new members looking to fill their "hangars".

Our newsletter goes out to over 300 RC enthusiasts, so you will be hitting a targeted market!

Also, Members as well as non-members are welcome to sell in our newsletter.

FOR SALE

3D Lab Prints A6M2 Zero \$90

Hi Everyone. I have been 3d printing planes for a little while. I finally have the settings dialed to where I feel comfortable offering some completed prints to those who do not have a 3d printer. This listing is for the Zero from 3d labprint. It is printed in Polymaker LW-PLA (Light Weight PLA). This PLA is not quite as light as Esun or Colorfabb but the strength is far better and the looks are much better. Overall a much better finished product. 1m Wingspan

You provide the power system and your radio gear, pushrods, and hardware.

If you aren't familiar, 3d printed planes aren't perfect. They do need light sanding from time to time. The hard part has been done though. All you need to do is glue it together. I feel the assembly is easier than any of the Chinese ARFs of years past. I do 90% of the post processing so that you have as easy a time as possible.

I will include all of the printed parts for one Zero airplane and a printed manual.

Please let me know if you have any questions. I am always happy to answer.

Please understand to fully print a plane takes 3 days roughly and this is a way to supplement the hobby for me, not my full time job. I get joy in making things as we all do being a part of this hobby.

Message from President Jim Andrews

Thank you for coming to LHMACH field! New members may not be aware of the FAA requirements of the past several years. **These are the requirements** to fly at Mammoth Park Airfield:

AMA membership, go to modelaircraft.org

← Or Click or scan

Club membership, go to lhmac.org

← Or Click or scan

FAA registration, go to faadronezone.faa.gov there are 2 classes of registration, one for **recreational users(us)**, and one for commercial users. **For us**, recreational users, you will get one registration number that will be good for all your aircraft.

← Or Click or scan

TRUST (The Recreational UAS Safety Test) go to modelaircraft.org/trust to take the test.

Remember, model planes and helicopters are considered drones by the FAA. After you complete the 4 steps, **make labels for each of your aircraft** that has the following things on it,

1. Contact info (Name and Phone #)
2. AMA number
3. FAA registration number

Attach this label to each of your aircraft. **FAA# Must be on the outside of your aircraft**

All other info can go anywhere on the aircraft.

While flying, you need to have 4 pieces of information in your possession:

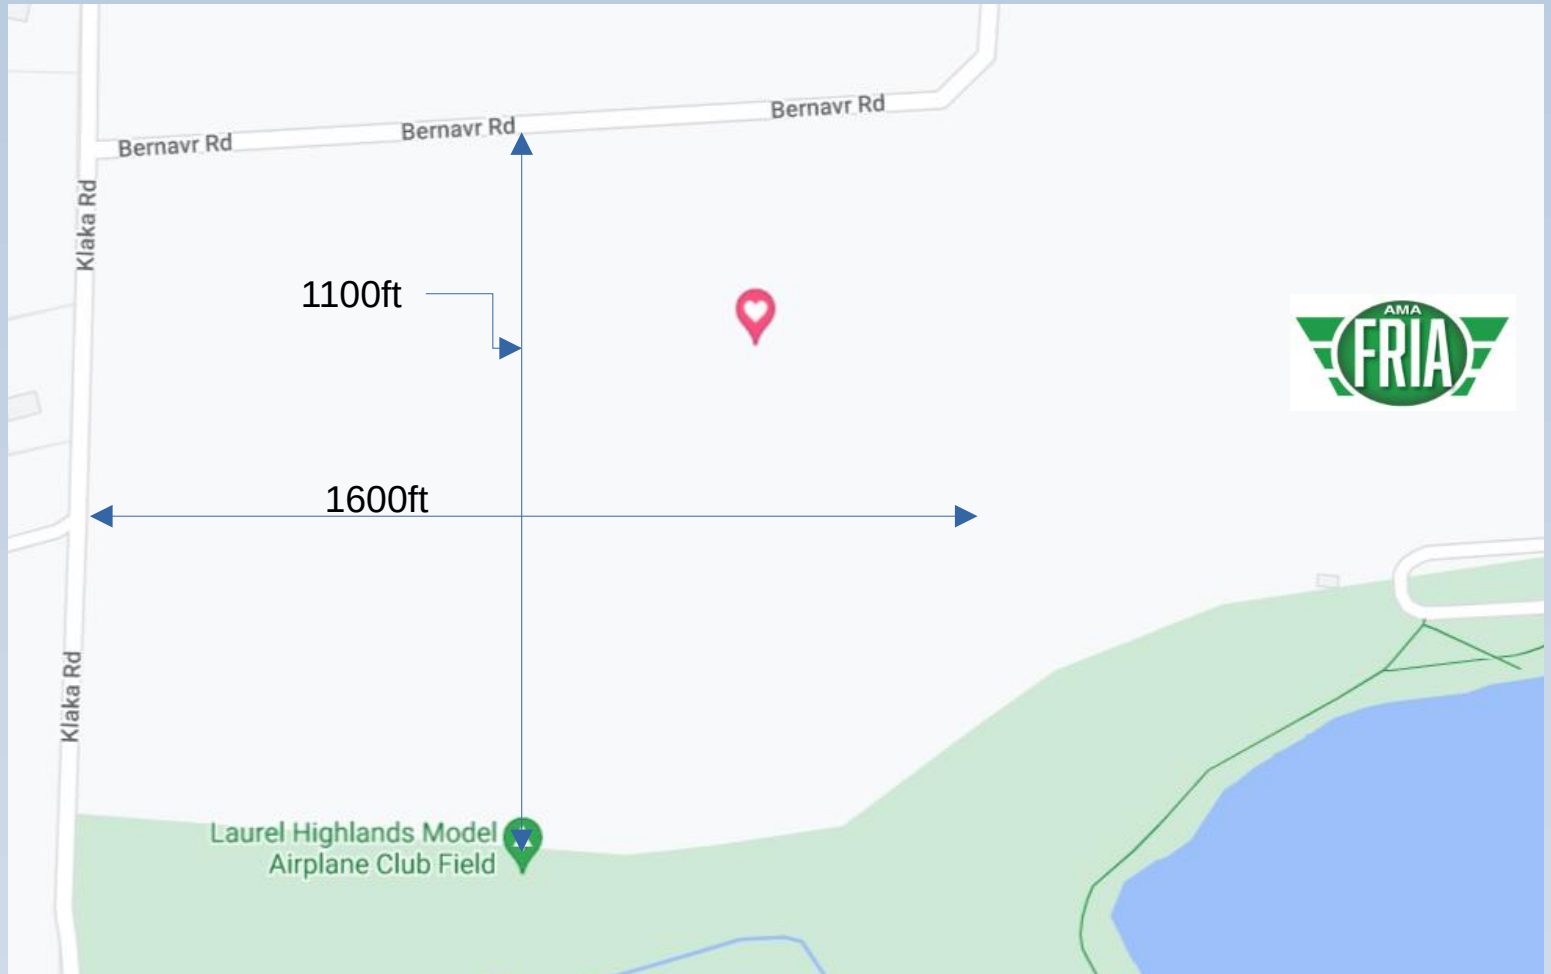

1. Your AMA membership card
2. Your LHMACH membership card
3. Your FAA registration card (Small UAS Certificate of Registration)
4. Your TRUST Completion Certificate

At first it seems complicated but really isn't. The TRUST certificate is a lifetime certificate. The FAA registration is good for 3 years for \$5 and can be renewed keeping the same number. LHMACH is a yearly membership and AMA can be yearly, 2 years, or lifetime membership.

See you at the field!

Jim Andrews

LHMAC Mammoth Park Model Airfield Boundaries

GAS/GLOW FLIGHT QUALIFICATION AND ELECTRIC FLIGHT QUALIFICATION

Qualification sessions must ensure that the flyer shows knowledge of and practices the field rules and can safely and competently execute the following:

- I. Set-up and check aircraft, engine and radio correctly prior to flight.**
- II. Make take-offs to the left and right smoothly and under control (two each).**
- III. Make left and right hand rectangular patterns with proper turns at a safe altitude (two each).**
- IV. Make horizontal figure 8 patterns parallel with the flight line with proper turns at a safe altitude. (two each)**
- V. Make landing approach and landings from the left and right smoothly and under control (two each).**
- VI. Make simulated or real dead-stick landings on the flying site safely and under control (one each).**
- VII. Keep within the designated field boundaries at all times.**
- VIII. Any fail on a section of testing will require a re-test of that section.**
- IX. Qualification is only valid if completed in the presence of a qualified club member and a class qualified (gas class or electric class) designated instructor or club officer.**
- X. Pilots with a gas/glow qualification may fly any aircraft that is AMA legal.**
- XI. Pilots with an electric qualification are not permitted to fly gas/glow aircraft without the use of an instructor .**
