Message from President Jim Andrews

As the summer winds down we are left with fewer flying events to attend. One of those left is the Giant Scale Fun Fly at Cedar Creek Park put on by the Mon Valley RC Club on Saturday, September 26. Always a good event.

We don't need an event to get out and fly though, any good weather day will do. So call a friend or post on Team Reach and chances are someone is looking for an excuse to head to the field and fly.

Thanks to everyone that pitched in to help make our Fall Family Picnic a success, especially Jeremiah for arranging the food.

Jim Andrews

Sept 2, 2026

Monthly Club Meeting @ Mammoth Park Airfield

Secretary Jim Zamerski

Minutes for Sept 2, 2026, at Mammoth Park Airfield

Officers Report

New members: Tod Beagle and Paul Taylor. Both are experienced rc pilots. They were voted in unanimously.

Secretary, Jim Z called for motion to approve minutes from the last monthly meeting as posted in the last monthly newsletter. motion to approve by Bill K, second by Tod, motion carried.

Treasurer's Report Expenses, Secretary expenses and Norvelt Pizza. Income: Fuel sales, Raffle proceeds, float flies, and dues. Bill C motion to approve, second by Bill K.... motion carried.

Vice President Raffle 1st prize was Gens Ace Imars Dual Lipo Charger 15A AC 200W DC 600W RC Charger. 2nd prize was a Parallel Charging Board XT90 XT30 EC3 EC5 T XT60 6S Battery Balance Adapter. Jeremiah also discussed family Fall Picnic.

News Editor Facebook is still getting our message out there. Roster has been updated and will be available to members soon.

Web Admin We have a new look to our website.....same address **LHMAC.ORG**

Existing members are able to sign in (click here) and get access to post photos and place ads. Once you sign in, a web admin will review, approve, and you will be sent an email that allows you to set your own password, therefore being able to use those features. If you have **any questions** contact Jim Zamerski 724 454 3003 or Mark Kaufman 412 266 2230.

Field Safety Field looks great. Thank you field safety! I spoke with Dave Shaffer and asked him if he could help us out as a member of our field safety team. Dave usually is only here on the weekends but offered his help. Dave was nominated as a new member of the safety team, Bill K motion to approve, second by Bill C.... motion carried.

Presidents report

Aug 22 National Aviation Day. LHMAC was celebrated it with "Old Model Day". Members were asked to bring oldest models to the field and tell a story about it. Flyable or not. We had a great turn out and even got the AMA involved. **Check out the next Model Aviation magazine.**

Message from President Jim Andrews

Thank you for coming to LHMACH field! New members may not be aware of the FAA requirements of the past several years. **These are the requirements** to fly at Mammoth Park Airfield:

AMA membership, go to modelaircraft.org

← Or Click or scan

Club membership, go to lhmac.org

← Or Click or scan

FAA registration, go to faadronezone.faa.gov there are 2 classes of registration, one for **recreational users(us)**, and one for commercial users. **For us**, recreational users, you will get one registration number that will be good for all your aircraft.

↑ Or Click or scan

TRUST (The Recreational UAS Safety Test) go to modelaircraft.org/trust to take the test.

Remember, model planes and helicopters are considered drones by the FAA. After you complete the 4 steps, **make labels for each of your aircraft** that has the following things on it,

1. Contact info (Name and Phone #)
2. AMA number
3. FAA registration number

Attach this label to each of your aircraft. **FAA# Must be on the outside of your aircraft**

All other info can go anywhere on the aircraft.

While flying, you need to have 4 pieces of information in your possession:

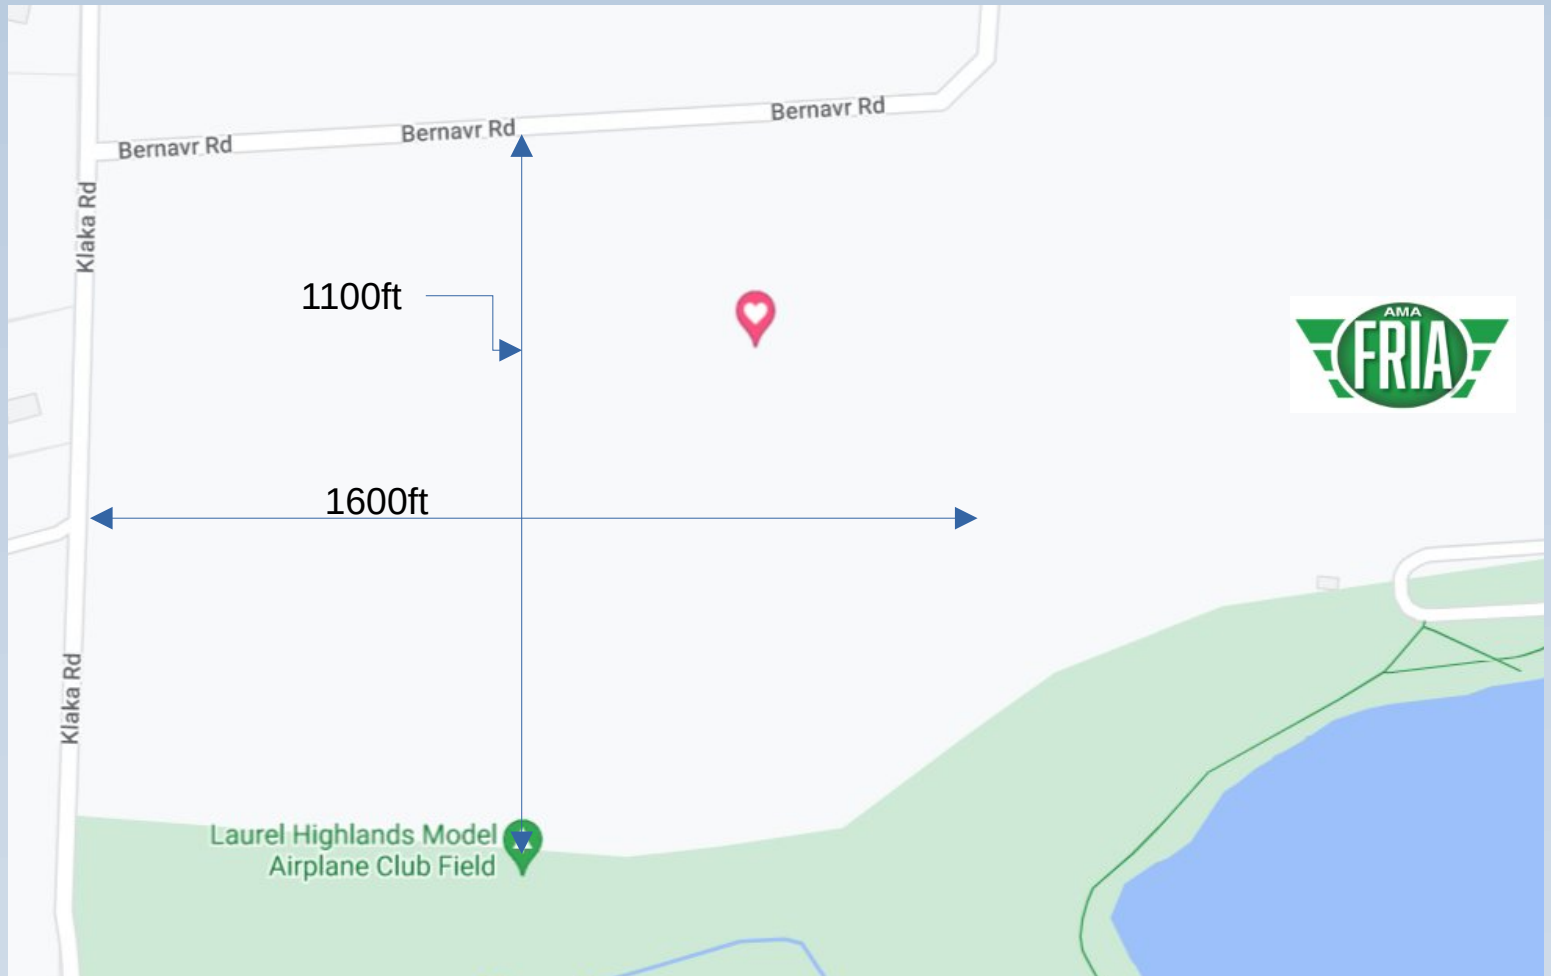

1. Your AMA membership card
2. Your LHMACH membership card
3. Your FAA registration card (Small UAS Certificate of Registration)
4. Your TRUST Completion Certificate

At first it seems complicated but really isn't. The TRUST certificate is a lifetime certificate. The FAA registration is good for 3 years for \$5 and can be renewed keeping the same number. LHMACH is a yearly membership and AMA can be yearly, 2 years, or lifetime membership.

See you at the field!

Jim Andrews

LHMAC Mammoth Park Model Airfield Boundaries

GAS/GLOW FLIGHT QUALIFICATION AND ELECTRIC FLIGHT QUALIFICATION

Qualification sessions must ensure that the flyer shows knowledge of and practices the field rules and can safely and competently execute the following:

- I. Set-up and check aircraft, engine and radio correctly prior to flight.**
- II. Make take-offs to the left and right smoothly and under control (two each).**
- III. Make left and right hand rectangular patterns with proper turns at a safe altitude (two each).**
- IV. Make horizontal figure 8 patterns parallel with the flight line with proper turns at a safe altitude. (two each)**
- V. Make landing approach and landings from the left and right smoothly and under control (two each).**
- VI. Make simulated or real dead-stick landings on the flying site safely and under control (one each).**
- VII. Keep within the designated field boundaries at all times.**
- VIII. Any fail on a section of testing will require a re-test of that section.**
- IX. Qualification is only valid if completed in the presence of a qualified club member and a class qualified (gas class or electric class) designated instructor or club officer.**
- X. Pilots with a gas/glow qualification may fly any aircraft that is AMA legal.**
- XI. Pilots with an electric qualification are not permitted to fly gas/glow aircraft without the use of an instructor.**
